JOIN US FOR STAGE 3250

Stage 3250 is an original HCAM series that hosts people with unique and interesting stories and short lectures on our stage. Join a live studio audience in March for two local speakers on the topic...

Your teachers can be your greatest inspiration.

Cameran Huestis, Hopkinton Middle School science teacher, discusses her extracurricular clubs, including Explore Pottermore and Hopsplay Cosplay. What is "geek culture", and why does she want to foster their passion for all things geeky?

Then, **Cheryl Perreault**, host of Wake Up and Smell the Poetry, talks about finding her love of poetry. Listen as she discusses her shift from academia to poetry, and learn who inspired her and encouraged her love of writing.
